EXPERIENCE

Modern Web Solutions

April 2022 - Present

Developed custom WordPress websites, including portfolio sites, blogs, and e-commerce platforms, tailored to client needs. Integrated plugins like Elementor and MetForm to enhance website functionality and improve user experiences.

NextGen Tech Design

March 2022 - Present

Designed and developed responsive websites and mobile applications for various clients, focusing on user-centric designs and intuitive functionality. Built modern, responsive websites using WordPress, HTML, CSS, and JavaScript, ensuring seamless user experiences across devices.

Modern UX Studios

June 2020 - February 2022

Crafted interactive prototypes and high-fidelity mockups for mobile and web applications, utilizing tools like Figma, Adobe XD, Photoshop and Canva. Conducted user research and usability testing to enhance product designs, resulting in improved user engagement.
